

CURRENT THERAPEUTIC RESEARCH

CLINICAL AND EXPERIMENTAL

SPECIALTY SECTION—TRIALS FROM RESOURCE-LIMITED SETTINGS

CALL FOR PAPERS

Section Eligibility

The submission must highlight original medical and pharmaceutical research from resource-limited settings. Collaboration with local scientists from the countries where the studies are conducted is essential. All authors are expected to be full and equal partners in the design and conduct of the studies, data processing and analysis, and manuscript development.

Award

Two manuscripts accepted to this section during 2007 will be chosen using a competitive review process to receive a travel grant of \$500 each. The prize is paid directly to the study's senior author, to aid in registration and/or travel to a scientific conference.

Submission

All manuscripts should be submitted electronically at the journal's Web site (www.CurrentTherapeuticRes.com) or sent to CurrTherRes@elsevier.com with the title of the section in the subject line.

Please address all inquires to: Jo-Ann E. West, MSc
Editorial Director, Journal Publications
